## TAIKO SUMMER PARTY CONCERT

Our Taiko Summer Party Concert was again a great success this year.

We have been able to play with 14 Drummers, which really made a nice impact on everybody. The Drummers had a lot of fun to show their skills. You can see the big smiles in the pictures and also concentration. Taiko represents a lot of skills involved, like concentration, coordination, rhythm and a great deal of fitness.

We have been able to show this year 3 Demonstrations of different martial arts.

Stephan and Lindie are highly concentrated during their play.

Like every year HARA-YAMA RYU came with their skilled Tai Chi demonstration.

This year we introduced also Kendo „Way of the sword“ with the MATIES KENDO CLUB from Stellenbosch. They came in heavy protective clothes as you can see in the pictures.

The third martial art was AIKIDO. The Aikido South Africa Foundation was represented through Aikido Paarl. It was very impressive how these poor guys were flying through the air. We all suspected they would land in the pool.

## WORKSHOP THIRD OF MARCH

I'm offering a Taiko workshop for those who would like to try Taiko themselves. The workshop includes History of Taiko, introduction to different drums, different styles, also showing some short videos of different groups.

You are also learning a small piece from our repertoire. Please contact me for more details and if you want to participate...  
Cell 083 355 5084

I will be looking forward to see you there.
