On the "performance" page you will see that we do performances as well. You can hire us to add a great energetic boost to any occasion, big or small! We can provide between 3 and 6 players, depending on the occasion. Once again, contact me for more information.

DRUMS FOR SALE

We also have more drums for sale. I know some of you are keen to own a Taiko yourself, so please don't hesitate to contact me for prices, terms and conditions if you are interested in buying your own Taiko.

BEGINNER WORKSHOP

A new beginner's class was started on Wednesday, 04 July, 2012 and now runs weekly from 18:00 - 19:30. In addition, we will be offering another of our popular Taiko workshops! The workshop will be held on 13th October, 2012 from 11:00—15:00 and includes the history of Taiko, an introduction to the different drums and drumming styles and some videos of different famous Taiko groups. To end off, you will also get an opportunity to learn a small piece from our repertoire.
If you would like to learn to play Taiko and experience the power of the Japanese drums and feel their vibrant energy for yourself, we urge you to either join in with the new Beginner's Class or come and experience a wonderful workshop!
If you have any questions, please don't hesitate to call me.
